

Frequently Asked Questions

What is Colorado Remembers 9/11?

Colorado Remembers 9/11 is an annual commemoration in memory of the terrorist attacks on September 11, 2001, hosted by the State of Colorado and City of Denver. Each year, the public is invited to honor to the thousands of lives lost that day and pay tribute to our country's courageous first responders and service men and women. As part of the 16th anniversary commemoration, an educational forum entitled *Extremism Crisis: Security Challenges in the Post-9/11 Era* will feature the expert insights of former CIA Director John Brennan.

Presenting sponsors include the Counterterrorism Education Learning Lab (CELL), *The Denver Post* and the University of Denver.
